INFORMATION FOR THE FEDERATIONS

Organization of the "first year" = 2023:

- Based on positive experience, it is possible to organize the camp separately in the Czech Republic under the same economic conditions - players outside the Czech Republic pay for transport (local costs are for CBHF), players from the Czech Republic pay a contribution to the event
- For players from the Czech Republic, this is a selection event
- Number structure = 45 field players and 10 goalkeepers - the missing number above the limit for the federation can be completed by other states interested in the event
- Coaches - always 2 per federation
- The first two days of the camp are led by CBHF lecturers - in the following days the coaches take turns in leading TU on the given topic
- The first days of the camp are players divided into groups according to the federation, then they are mixed without distinction of the federation
- TU - 2 divided TU in the morning (fitness and field), in the afternoon joint TU plus EN program
- English speaking coordinators provided by CBHF on the spot
- Possibility of girls' registration
